

Şcrip Information

2017-18 School Year

Şcrip is a program in which you can purchase gift cards to be used at a wide variety of stores, restaurants, gas station and other companies (see our Şcrip form for a complete list). When you buy the gift cards, you pay face value, For example, if you buy a \$50 Super Ron's card, you use the card to buy \$50 of groceries at Super Ron's. The benefit is that ***in addition*** to receiving the full face value of the card you receive a percentage of credit to apply to your A.B.V.M. Third Source Fund or School Tuition. The percentages vary by company; see the complete list for details.
